Stew Dent... by Jake Pell

Age 19

Location Colorado Springs, Colorado

Education High School Diploma

Occupation College student

Bio

Stew is a sophomore at the University of Colorado: Colorado Springs and is working towards a degree in criminal justice. He lives on campus in a suite with two other roommates.

I'm just trying to graduate.

Goals

- A quiet place to study and take exams
- To pass his classes and get his degree

Frustration

His roommates are always throwing parties that are very loud and obnoxious, making it difficult for him to study and do homework

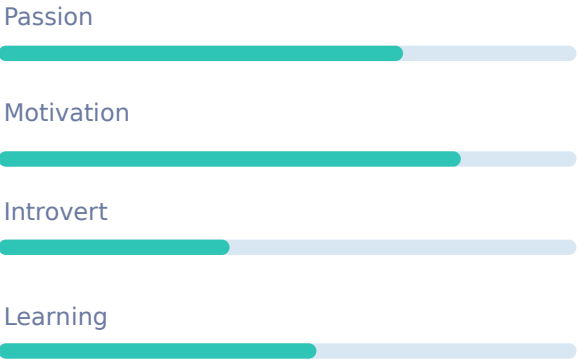

Values

- Values his academic success
- Wants to do well in his classes and get his degree

Aspirations

- To go to law school and become a lawyer
- His lifelong dream is to be a Supreme Court Justice

Nils Wagner

Age	23
Location	United states
Education	BS
Occupation	Graduate student

Bio

A graduate student studying bioinformatics. He received his BS in bioengineering. He lives far from campus so he has to drive 30 minutes to get to school. He is alone and looking for more people with similar ages and ideas.

A man who dares to waste one hour of time has not discovered the value of life.

Goals

Get his Ph.D. as early as possible.
Make more money.

Frustration

Late graduation.
Wasting his time.
Car crash

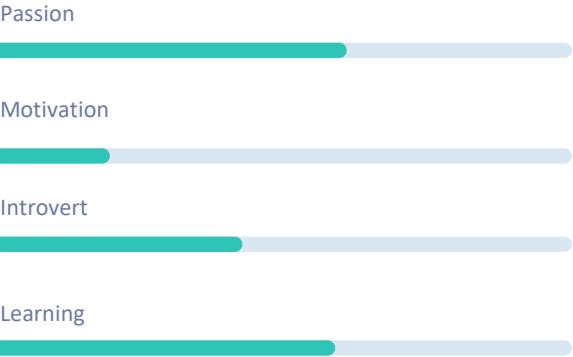

Values

A place to give him the motivation to study.
Meet more people of his age

Aspirations

He wants to work in Industry and have an impact on society

Personal Traits

Social Channel

Github, Twitter, Facebook

Opportunity is always reserved for those who are prepared.

Goals

Become a programmer.

Frustration

None.

Values

I need to do my best to do my own thing.

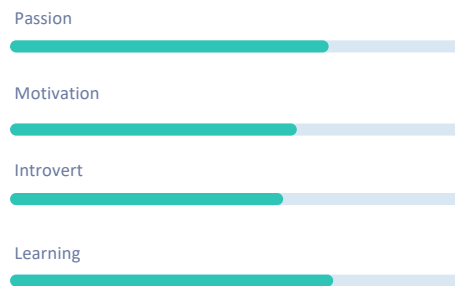

Aspirations

Hope to work in Silicon Valley.

Age	32
Location	Belgium
Education	Postgraduate
Occupation	Programmer

Bio
Born in North Carolina, he grew up with a love of computers and showed an exceptional talent for computers in front of his peers before attending college in Boston and successfully completing his undergraduate and graduate computer science degrees. Afterwards, he married his girlfriend whom he met in college and settled in Boston, becoming a programmer.
